

Bunny Butt Planters

Supplies

Included : Clay pot, Spanish moss, styrofoam ball, white felt square, white pom pom, pink paint

Not Included: hot glue or Elmer's glue, plant (if desired)

1. Cut out two small ovals for the bunny feet out of the white felt.
2. Using the pink paint supplied (or a pink marker will work as well), draw the paws on each oval.
3. Glue the feet to the ball. (Recommended hot glue or Elmer's glue.)
4. Glue the white pom pom for the tail to the ball slightly above and between the paws.
5. You can plant a live plant, herb, flower etc. in the pot or use an artificial plant, or simply just use the moss. Glue the bunny butt to the spanish moss on the edge of the pot.

ENJOY !!
