

Hot Cocoa Mix

Supplies

Included: 1 cup confectioners' sugar, ½ cup cocoa powder,
1 cup powdered milk, mini marshmallows

Not included: mixing bowl, stirring implement, air tight container

1. Sift each ingredient into a mixing bowl to combine and get rid of any lumps.
2. If you don't have a sieve, mix the ingredients together with a whisk or a fork.
3. Store in an air tight container, such as a jar or plastic baggie, for up to 6 months.
4. To use, combine ½ cup of hot cocoa mix with ½ cup of hot water. Add a few marshmallows.

To make your hot cocoa a little extra, add any of these additions:

- Mini chocolate chips
- A pinch of ground cinnamon
- Part of a peppermint candy cane
