

Snowman Necklace

Supplies

Included : wire, washers, ribbon and necklace

Not Included: needle nosed pliers, wire cutters, hot glue

1. Overlap the edge of the medium washer on top of the largest washer.
2. Wrap one of the wire pieces tightly around the two washers connecting them. You might want to use the needle nosed pliers to pull the wire tighter around washers.
3. Cut the excess wire.

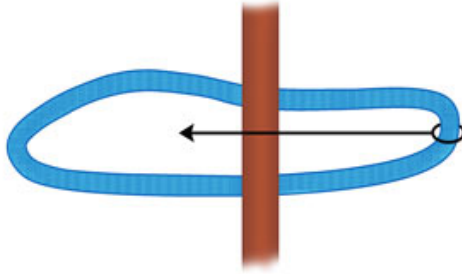

4. Overlap the smallest washer on top of the medium washer.
5. Wrap the second wire piece around the washer tightly.
6. Cut the excess wire.

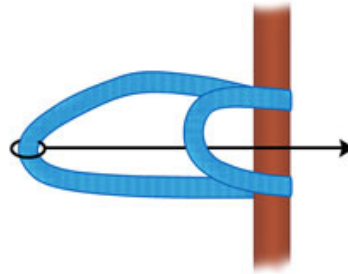

7. To help ensure that the wire does not irritate the skin, add a small drop of hot glue to the back pendant near the end of the wire.

8. Wrap the black necklace/string, based upon the instructions and images below.

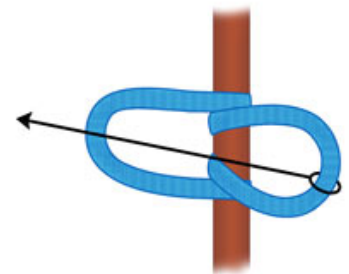

Girth Hitch Instructions
